

TSSP Framework

At George Washington Academy we are committed to the success of all students. In the 2023-2024 school year we are focused on improving our overall reading growth for all students. We are committed to a 1-3% increase in the RISE state assessments on average in grades 3-7.

We will achieve this goal by:

- implementing current best practices in teaching strategies as well as technology implementation in all classrooms.
- offering before and after school programs focused on skills where students are deficient.
- integrating contents in a cross-curricular manner using our STEM library and resources.
- focusing on English Language Learners by providing additional support daily for these students.
- offering professional development opportunities focused on Tier 2 instruction as well as collaboration among grade-level teachers and content teams.
