GWA POWERSCHOOL PARENT/STUDENT LOGIN INSTRUCTIONS:

GWA Parents,

The Student and Parent PowerSchool Portal can be accessed here: https://georgewashingtonacademy.powerschool.com/

You'll need your student's Access ID and Access Password, which are available from the school. They are not the student's regular login.

- If you have a login for the mobile app, that login will work on the PowerSchool Student and Parent Portal.
- If you have signed in before, but don't remember your username or password, go to https://georgewashingtonacademy.powerschool.com/, click "Forgot Username or Password?" below the login box, and follow the instructions.
- If you don't receive a password reset email within 10 minutes after submitting the Forgot Password form, please submit the Forgot Username form to recover your username. It may not be your email address.
- If you have never signed in before, please go to https://georgewashingtonacademy.powerschool.com/, click Create Account, and follow the instructions. You'll need your student's Access ID and code, which are available from the school.
- If you try the above, and still need help, please contact the school for assistance.
