

Land Trust Committee Meeting

Tuesday, December 10, 2024

3:15 PM

Executive Director's Office, GWA

In Attendance: Anjanae Merida (Parent/Employee), Christine Giles (Admin), Blake Clark (Principle), Brady Pearce (Chair), Amanda Mortenson (Parent), Sara Lamb (Employee), and Deborah Odenwalder (Parent/Secretary).

Absent: Angie Atkins (Vice Chair), Sharon Moss (Parent), and Spencer Andersen (Parent).

Meeting Minutes:

Blake went over the 2024-25 Land Trust Plan/Budget and invited the committee to provide input on any changes for the new year's plan that's currently in draft.

Goal 1: The committee decided to retain the previous years' goal and supporting budget as previously implemented.

Goal 2: Blake recommends that the specificity of the PLC process in the training be taken out to improve utilization. Committee supported the recommended change to the goal and supported the budget.

Goal 3: The committee decided to retain the previous years' goal and supporting budget as previously implemented.

Goal 4: The committee decided to retain the previous years' goal and supporting budget as previously implemented.

Discussion: Blake opens up the floor for the committee for suggestions to additional goals. Deborah asked Blake if the school is seeing a full utilization of the previous year's budget since the proposed goals are the same. Blake confirmed that GWA is in the required range for roll over funds due to sufficient utilization. Deborah also inquired on whether we're seeing academic results with the current goals. Blake asked Cristine and Merida to answer this question and they reported that these programs were strongly beneficial and indicated the reasons as to why. The committee verified that there wasn't a different goal that they felt should replace or be added to the current goals.

Conclusion: Committee decides that the only change that is needed on the plan is to broaden the scope of Goal 2.
