Error Prone Applications	Annual		Error prone applications are those applications where income falls between the income eligibility limits and \$1200 of the income eligibility limits for Yearly.																			
	Monthly		Error prone applications are those applications where income falls between the income eligibility limits and \$100 of the income eligibility limits for Monthly.																			
	Twice Per Month		Error prone applications are those applications where income falls between the income eligibility limits and \$50 of the income eligibility limits for Twice per Month.																			
	Every 2 Weeks		Calculated using \$1200/24 payments, round to the nearest whole dollar with standard rounding rules.																			
	Weekly		Error prone applications are those applications where income falls between the income eligibility limits and \$46 of the income eligibility limits for Every 2 weeks.																			
	Weekly		Error prone applications are those applications where income falls between the income eligibility limits and \$23 of the income eligibility limits for Weekly.																			

Household Size	Annual Error Prone	Annual	Monthly Error Prone	Monthly	Twice-Monthly Error Prone	Twice-Monthly	Bi-weekly Error Prone	Bi-weekly	Weekly Error Prone	Weekly

If income falls between the two corresponding frequency columns the application is error prone.

Error Prone and Non Error Prone Examples

Example 1:
Application income listed is \$43,285 annually for a household size of 3.
This household is eligible for reduced-price meals. This application is not error prone.
The income falls outside of the error prone range of \$49,342 to \$50,542.

Example 2:
Application income listed is \$34,510 annually for a household size of 3.
This household is eligible for free meals. This application is error prone.
The income falls within the error prone range of \$34,316 to \$35,516.
