

These sections marked in red are not available yet.

If you must park, please follow the green arrow. You will need to get out of your car and walk over to the crosswalk to retrieve your child. Staff has been instructed to not let students go without an adult

No Entrance or parking from 3000 East

There will only be two lines in the front. The merge lane for the parking lot side and the school side is shown to the left with a blue line and an orange line. If you choose to park, you will need to walk over to the crosswalk to get your child.

There will only be two entrance lanes in the front. One that goes to the front of the school and one that goes to the back. The right lane will be for the back of the school.

Parents, we have great news. The road to the north is planned to be open and available Monday. This gives us a few more exits and helps us avoid 3000 east.

Kindergarten and siblings are required to pick-up in the back. We encourage anyone else that would like to drop off and pickup in the back, please do so. The more we can get out the back the faster the lanes will clear.

It is important that you talk to your child about where they will need to stand each day as well as watch for your car.
