

Procedure 305 - Attendance - School Dismissal/ Closure Procedure

During School Dismissal and/or Closure that is brought on by State and Federal guidelines George Washington Academy will continue to monitor attendance through our Student Information System (PowerSchool). Students will need to check-in to the online learning platform (CANVAS) every morning before 10:00am by simply commenting “Here” on the class discussion page posted by the teacher.

The GWA Attendance Secretary will continue to monitor absences daily and automated phone calls will continue to be sent out to parents each day that their child has not checked in online. When a student has not checked in for two consecutive days, their teacher will call to check on the safety and health of the child and their family.

Teachers will monitor the performance of every student in their class on a daily basis and provide assistance through virtual discussions, feedback and 1:1 video conferencing as needed.
