

# Teacher Student Success Act Framework

At George Washington Academy we are committed to the success of all students. In the 2026-2027 school year we are focused on improving our overall reading growth for all students. We are committed to a 1-3% increase in the RISE state assessments on average in grades 3-7 and a 1-3% increase in Acadience reading from Beginning of Year to End of Year in grade K-3.

We will achieve this goal by:

- implementing current best practices in teaching strategies as well as appropriate educational software implementation in all classrooms.
- offering before and after school programs focused on skills where students are deficient.
- integrating contents in a cross-curricular manner using various teacher supplies and resources
- focusing on English Language Learners by providing additional support daily for students who qualify.
- offering professional development opportunities focused on Tier 1 instruction as well as collaboration among grade-level teachers and content teams.
- supporting students who are in need of behavior interventions and support in the classroom and allowing for the teachers to focus on academics. We will do this by hiring a registered behavior technician (RBT).
