

E 2170 S ST

These sections marked in red are not available yet.

No  
Entrance  
or Exit  
to 3000  
East  
from the  
back lot

If you must park, please follow the green arrow. You will need to get out of your car and walk over to the crosswalk to retrieve your child. Staff has been instructed to not let students go without an adult

There will only be two lines in the front. The merge lane for the parking lot side and the school side is shown to the left with a blue line and an orange line. If you choose to park, you will need to walk over to the crosswalk to get your child.

There will only be two entrance lanes in the front. One that goes to the front of the school and one that goes to the back. The right lane will be for the back of the school.

Parents, please follow these updated paths for morning and afternoon drop-off and pickup. The city is continuing the construction on 3000 East and have not been able to finish the connection to 3000 East from the back lot. For the time being, the exits will need to go east following the yellow lines. You will not be able to exit onto 3000 East from the back lot. The front will continue as normal for now.

We appreciate your patience as we deal with the construction around the school.
